

Infinique Technologies
Professionals Recruitment Services

The *Infinique* Difference

At *Infinique*, we care for you and we go the extra mile. We are the only *Professionals Recruitment Service Provider* in Singapore that pays you when we find you a job! Since the start of *Infinique* Professionals Recruitment Services Division in Nov 2004, we have always been very focused in our approach. Our vision has always been the same, to provide a job-matching/staffing service that is meant for Singaporeans and managed by Singaporeans. We only provide our services to Singaporeans as we value our contribution in lowering the unemployment rate of Singapore.

Be part of the *Infinique* Community

At *Infinique Technologies*, we strongly believe in continuity and the ability to provide value added services for professionals that have been placed by us. After being placed by Infinique, all professionals will be given a life-time membership to the *Infinique Community*. *Infinique Technologies* will issue a one time **\$100** confirmation bonus upon completion of the first month of work.

What are the benefits of being in the *Infinique* Community?

- **FREE** Lifetime Membership in community
- Receive free career coaching sessions by our senior panel of consultants
- Preferred status for all job applications. Priority will always be given to members in the *Infinique Community*
- Weekly Job Update
- Ongoing head-hunting activities and contacting you upon find suitable positions
- Quarterly activities include. Networking Sessions, Movie Sessions, Bowling Sessions, Family Day Activities, Barbecues, Chalets
- Once we placed your first job, you never have to look for a job by yourself again

As a growing company, our aim is to let our professionals within the *Infinique Community* grow with the company as we believe that talents is what drives a company and vision is what leads a company to success. With diversified interests in various areas; ranging from Software Development, Distribution & Enterprise Training, we are looking at branching out our services and even recruiting from within the Infinique Community for our next phase of growth.
